PROJECT DEVELOPMENT PHASE

SPRINT 1

PLATFORM: IBM WATSON ASSISTANT

Date	18 November 2022
Team ID	PNT2022TMID32337
Project Name	Project – AI BASED DISCOURSE FOR BANKING INDUSTRY

SPRINT 1:

USN 1 - As I am a new user, the Bot will start introducing itself to me. (Conversation Initialization)
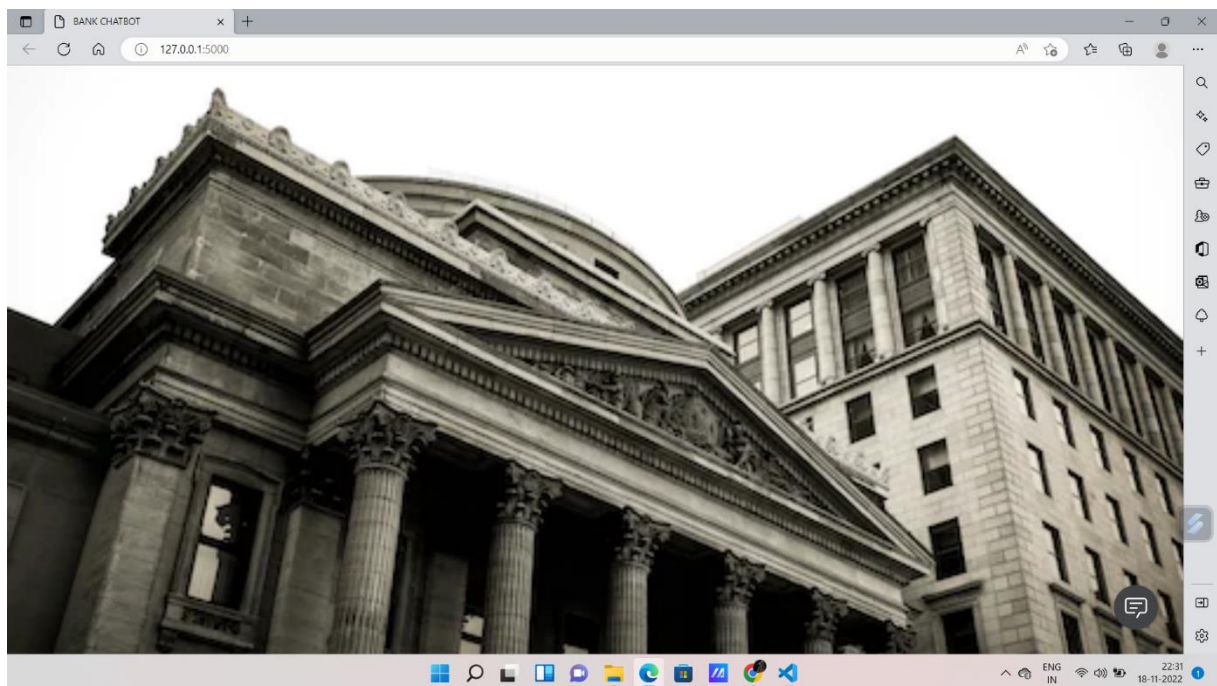

USN 2 - As a user, I will start introducing me to the bot

USN 3 - As a user, I can see the list of queries displayed by the Bot. If my query is not available in the list, I can ask my query manually.
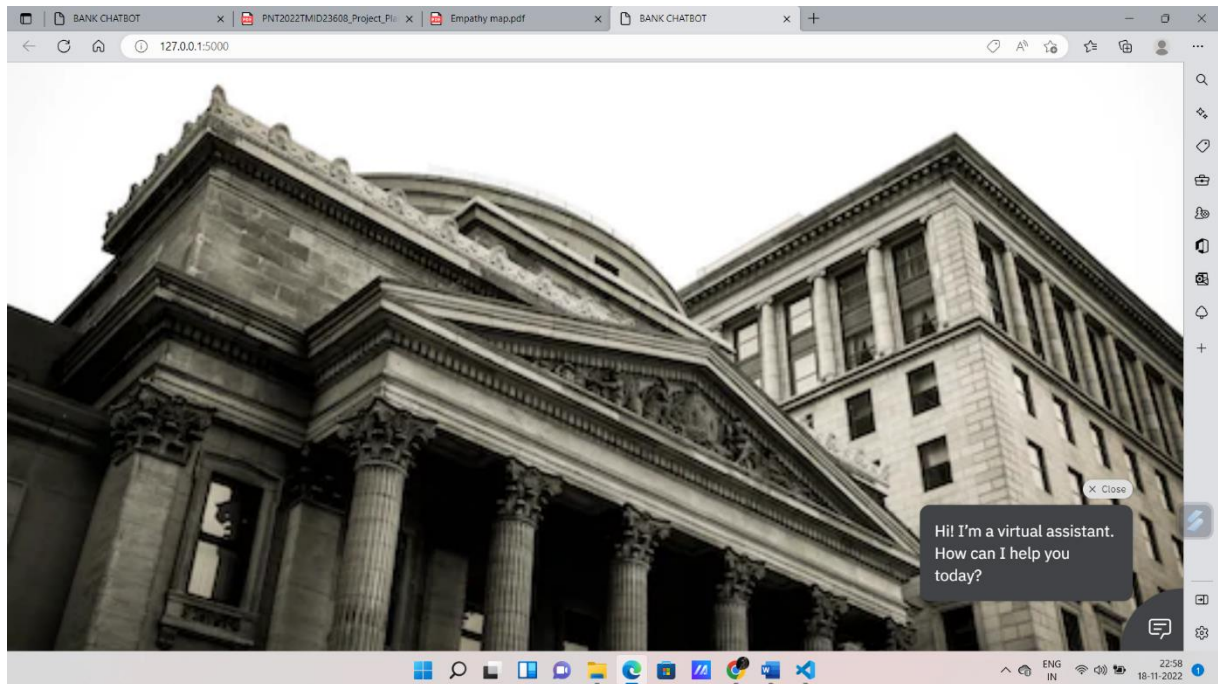

USN 4 - As a user, I can choose an option from the query list provided by Bot or the query can be user defined

**STEP 1: This is the Sample prototype of website with Chatbot.**

Figure 1

STEP 2: Virtual assistant starts from the left most bottom of the website

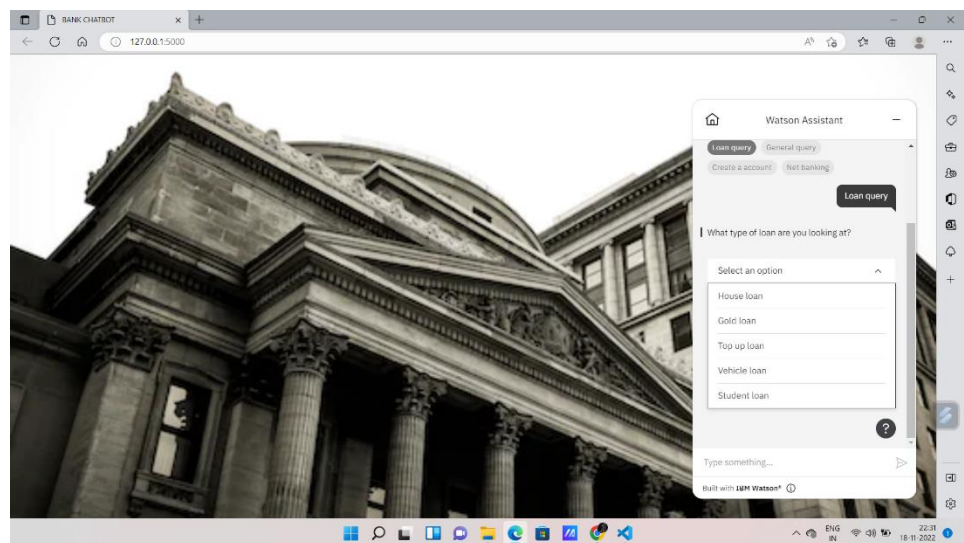

**STEP 3: Bot starts with the Greeting**

STEP 4: Bot starts to initiate the conversation by introducing itself

STEP 5: Options displayed by the Bot.

STEP 6: User choosing an option from the list provided by the Bot

Creating Actions :
